Dear Parent

PRIMARY EDUCATION PLACES IN HERTFORDSHIRE

As you may know, there has been considerable talk over the last few years about the prospect of establishing further Jewish primary education places in Hertfordshire. In order to take any project of this nature forward it is necessary to formally demonstrate to the Local Authority that there is sufficient demand.

We have devised a survey to be completed by potential parents and other interested parties in order to obtain information about the need for, and requirements of, additional Jewish primary places in Hertfordshire. This will help support other information that we have collated. We would be grateful if any parent with an interest in sending their child/ren to a Jewish primary school in Hertfordshire would please follow the link www.yavnehcollege.org/primarysurvey and complete the survey.

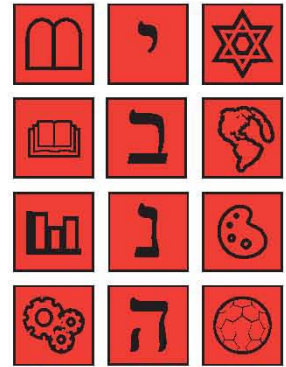

Many thanks.

Yours faithfully
