

Girl's Bat Mitzvah Prayer

To be recited by the Bat Mitzvah girl following her D'var Torah

Father in Heaven,

On this great and holy day in my life, I am standing in your presence and in the presence of this holy gathering to acknowledge that I am taking upon myself the yoke of the Torah and the mitzvot and to do all that is righteous in your eyes.

Please support me with your right hand of justice and grant me the understanding and knowledge of your ways so that I shall be able to walk in them all the days of my life.

Help me to always be a faithful daughter in Israel, to promote the welfare of my people and to increase our honour.

Grant me the strength to do your will with a perfect heart and to succeed in all my endeavours.

May it be your will that I shall walk in the path of the righteous and merit a good and long life; a life of good health and happiness together with all the members of my family.

Amen.
